

## LT201 Series of Ice Box Conversion Kits

### Features

- Mobile applications ie: ambulance, veterinarian, farm, marine, RV, or solar
- Efficient 12/24 DC Danfoss BD Compressor using environmentally friendly refrigerant R134a
- Self-sealing couplings
- 18 GA Powder coated satin coated steel base with compact foot print
- Efficient properly sized air cooled condenser, for simple, reliable installation & service, no pumps or extra plumbing to contend with
- Low battery cut out protection
- Variable speed compressor (adjusted by changing the resistance in control circuit)
- Compressor will operate on a 30° angle
- Environmentally friendly refrigerant R134a
- Available DC only 12/24 VDC, or AC/DC 12/24 VDC and 100-240 vac 50/60 Hz
- A variety of evaporator plate options. Plates can be bent to conform to box dimensions
