

Stainless Steel
Ice Maker SS-95

Ice Maker SS-95

High performance along with energy efficiency and custom styling are the defining features of the U-Line family of ice makers. As developer and manufacturer of the world's first built-in undercounter ice maker, U-Line has always been at the forefront of the industry. There are more U-Line ice makers onboard boats and RV's than any other brand of ice maker in the world.

PRODUCT HIGHLIGHTS

- Makes lots of ice - fast! An abundant supply of ice cubes in an amazingly short time.
- Daily ice rate up to 23 pounds.
- Ice storage capacity up to 12 pounds.
- Stainless steel cabinet & front door panel with black handle, door frame, and grille.
- Requires no drain: Can be easily installed in any area. Needs only a 1/4 inch outside diameter water line connection.
- Corrosive resistant components. Hinges & fasteners are stainless steel to resist corrosion.
- Conserves water: Makes over 20 lbs. of ice cubes daily from only 2-3/4 gallons of water.
- Conserves energy: Use less electricity than a 75-watt light bulb.
- Accepts a 1/4" flat or raised insert custom door panel.
- Field reversible door with zero clearance door swing.

PRODUCT DETAILS

Height	24-3/4"
Width	13-15/16"
